

Left Nancy contributes her opinion during a heated Full Circle discussion; Right Nancy's smile lights up in front of the camera, and she dreams to one day be a fashion designer.

T TFFT'S FULL CIRCLE PROGRAM
The Foundation For Tomorrow's Program for wholistic education

TFFT's Full Circle Program is an essential component of our Scholarship Program. This program stretches our students' imagination, fuels their dreams, encourages them to voice their opinions, and broadens their understanding of themselves and their place in the world.

Consider the many values parents instill in their children and the life lessons learned in a healthy home environment. Full circle aims to fill this void in the lives of the orphaned and abandoned children we support.

“These kids have all the potential in the world, they just need a voice of reason to remind them that their futures lie beyond the boundaries of school—within the choices they make, the goals they set, and the vision of themselves that they hold within and project to others. A hand to hold is not always enough. They need to be listened to and challenged to understand themselves before they can know what to expect from themselves. They need to cry freely and let go of pain that they've bottled up, instead of hiding it behind a nervous smile or playful anxiety. They need to know that they have the ability to change the circumstances of their lives, and that they are the only ones who have control of that.”

Adam Rubin, TFFT Full Circle Director 2011

In Full Circle we work with our children outside of the classroom to focus on life skills, develop confidence, emphasize the importance of giving back to the community, teach HIV/AIDS prevention and awareness, encourage good hygiene and self care, and more.

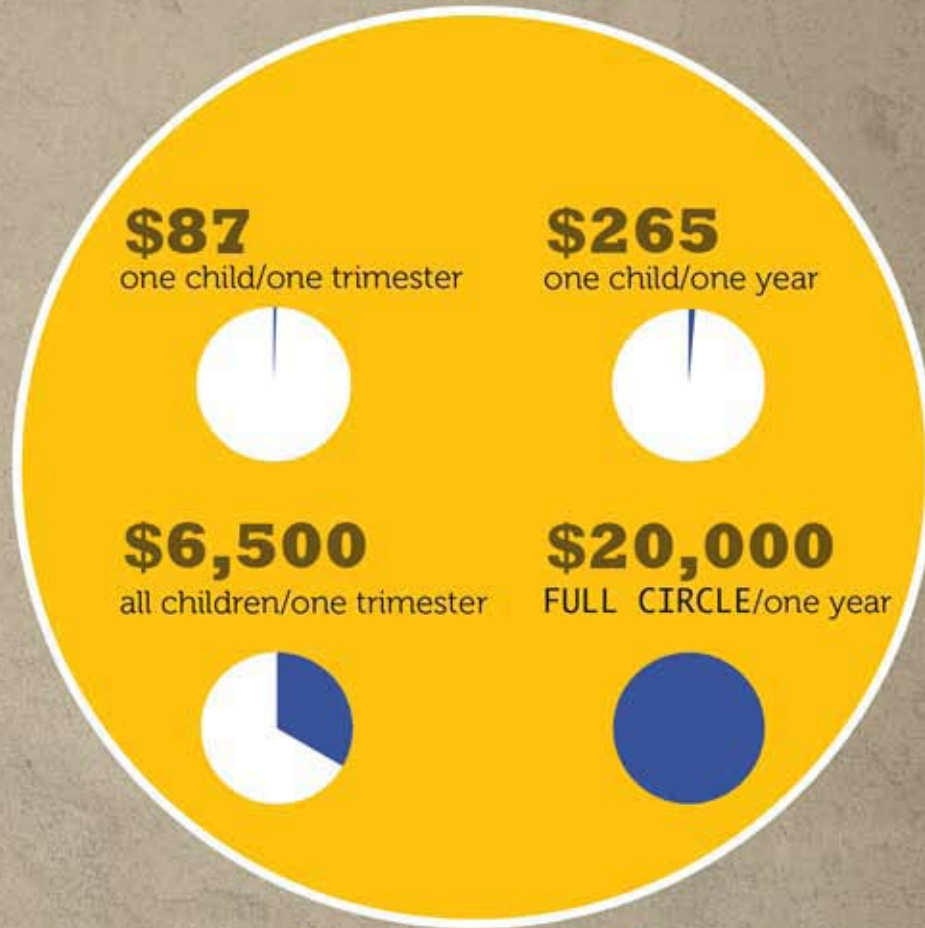

HELP MAKE FULL CIRCLE POSSIBLE

Because every child deserves to reach their full potential

While every TFFT Scholarship Student participates in Full Circle, Full Circle's program costs are not covered in the annual Scholarship fee (which covers the cost of school fees, textbooks, uniform, medical care, and other costs of living). Therefore, TFFT seeks alternate funding in order to provide our students with this unconditional support.

YOU can help fund this extraordinary program that benefits all of our scholarship students:
